**Shabbat HaGadol**

**מצורע - Metzora**

**April 20, 2024 – 12 Nissan, 5784**

**The Parshah of Metzora** talks about certain skin disease — *Tzaraat* — (often mistranslated as “leprosy”) is a supra-natural plague, which also can afflict garments. If white or pink patches appear on a person’s skin (dark red or green in garments), a *kohen* is summoned. Judging by various signs, such as an increase in size of the afflicted area after a seven-day quarantine, the *kohen* pronounces it *tame* (impure) or *tahor* (pure). If the Kohen agrees, the process of purification commences. That process involves a sacrifice, immersion in a Mikveh and the sprinkling of special purification water.

The Torah also discusses Tzara-at that can afflict a home—a type of mold—and how to purify that home. A person afflicted with *tzaraat* must dwell alone outside of the camp (or city) until he is healed. The afflicted area in a garment is removed; if the *tzaraat* spreads or recurs, the entire garment must be burned.
